the ability to communicate in English, staying with another family, meeting people from different cultures, making new friends, tasting the Cypriot cuisine, visiting Limassol, meeting people with big smiles, the beautiful country.

What have you found negative or felt uncomfortable with?

nothing (it was all fantastic), the traffic, waking up early, having difficulty in communicating sometimes, wanted to spend more time at home with my friend.

How do you feel in general at the end of this exchange?

happy to have participated in the project, happy I got to know a new culture, I now have some idea about Cyprus, I feel I was given a great opportunity to see new places and make new friends, I found it interesting that the trip made me realize that we the students are similar even though we come from different countries, I met Kind people who tried to solve our problems, I know that if I had the chance I would do it again, I don't want to leave, I will certainly come back!

Thank you for your cooperation,
