Evaluation

- Costas will send the questionnaire the Cypriots used for evaluating their students to everyone.
- Only students participating in this project will take part in the evaluation.
- The first evaluation will be done before Christmas.
- The second evaluation once everyone was abroad and hosted a student (mid of May 2020) - It is to see if answers have changed once they experienced hosting a student or being abroad.
- The results will be sent to Christina until August 2020 so that she can use them for the final report.
