

Activity 1

ERASMUS+ CLUB

At the beginning of the school year 2018/2019, the **Erasmus+ club** was created and all Wednesdays afternoon (ninety minutes) all students can attend on voluntary basis at first to know more about the program and to participate on the activities. With the progress of the project the students involved in LTTA meet and work on the topics, on the activities planning and implementation. This club will continued throughout the duration of the entire project. Even after the COVID-19 situation, a team was created in Teams, the platform that the school use for home schooling were students and the teacher can meet, discuss and share information about Europe and partner countries.
